---

Pilbara Ports is advising of short disruptions to traffic travelling along Mof Road (see route in below diagram.) There will be several road closures to facilitate oversize movements from the DCW to LA30 as noted below.

- **1200hrs – 2200hrs Tuesday 25<sup>th</sup> January 2025 (subject to change via updated notice)**

During this period the following will be in place

- Traffic Management will hold traffic at WEL road and the start of Mof Road upon the oversize movement commencing.
- There will be no closures between 0530-0630 & 1730-1830 to minimise disruptions to regular shift changes.
- Emergency access will still be achievable during any closure of this nature.

Each closure is estimated to be approximately 10-15 minutes and interruptions to normal operations will be kept to a minimum where possible.
